Fortress Series Teachers Desks

Built to withstand the high demands of daily classroom use, Lorell Fortress Series Teachers Desks combine rugged steel construction with a clean, professional look. High-performance laminate tops feature protective T-mold edges and resist scratches, stains and moisture for long-term durability. Reinforced double-frame structures provide added stability, while pedestal drawers offer secure storage for both classroom supplies and personal items. Available in various configurations and finishes, these desks are ideal for educational offices, classrooms and administrative spaces.

- Practical and professional desk solution ideal for educational offices and classrooms
- Durable, high-performance laminate tops feature rounded corners with T-mold edge to avoid sharp corners
- Desks feature box/file pedestals with full extension ball-bearing slides, locking center drawer and integrated drawer pulls
- Central lock system locks all drawers
- Mobile desks feature two locking and two non-locking casters
- Meets or exceeds ANSI/BIFMA standards
- Steel construction and laminate top make the desk easy to clean and disinfect
- Contains 28% recycled content
- Greenguard Gold Certified

Comfort drives productivity, and the right chair makes all the difference. Our seating collection is built to withstand the demands of modern work spaces, offering ergonomic support, intuitive adjustability and lasting durability. From mesh-back task chairs to executive-style seating, (and even armless options for tight spaces), each design balances form and function to keep you focused and comfortable. Whether you're furnishing private offices or collaborative work spaces, our collection has something for any work space.

SEATING - DESK

CHAIR FEATURES

SWIVEL TILT

Basic control functions including height adjustment and swivel. Back and seat adjust at the same angle.

SYNCHRO TILT

Chair back and seat adjust at a 2:1 ratio, keeping the seat more level with the floor, while giving the back more flexible placement.

MULTIFUNCTION

Maximum level of control. May include functions like separate seat and back tilt, lumbar support and seat slide adjustment.

SEAT FEATURES

SEAT-HEIGHT

Regulates height of chair relative to floor.

BACK-HEIGHT ADJUSTMENT

Positions support within a fixed range.

LUMBAR SUPPORT

Easily adjusts to enhance comfort.

SEAT SLIDER

Adjusts the depth of the seat to better support legs and back.

ARM FEATURES

ADJUSTABLE-HEIGHT

Provide improved upper-torso support. Can be adjusted periodically to relieve strain and provide variety.

ADJUSTABLE-WIDTH

Quick-adjust design places arms close to body for keyboarding, or out to sides for ease of entry.

ADJUSTABLE-ANGLE

Each arm rotates. Position inboard for keyboarding, outboard for entry and exit.

Conjure Seating Collection

Elevate your seating experience with the Lorell Conjure Series. This series is engineered for ergonomic support, adjustability and long-term comfort - because your chair should work as hard as you do. With multiple ergonomic features available, like adjustable seat height and customizable tilt mechanisms, you can count on reliable, comfortable support all day long. Desk chairs in the collection feature adjustable-height and width arms, ratchet-adjusting backs and adjustable seat height.

Design your perfect office chair with our wide selection of fabrics. Choose from premium materials and stylish hues to create a look that complements your workspace and reflects your personal style. Comfort meets customization—your chair, your way.

All Ergomesh and Conjure Series seating skus can be ordered in any of the custom fabric choices.

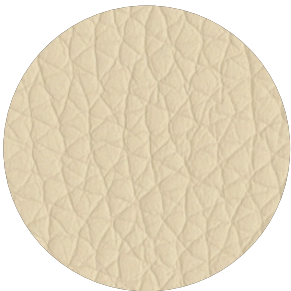

Just add the fabric number noted below each swatch to the end of any Conjure or Ergomesh sku number when placing your order.

Example: LLR62010029

All custom fabric orders require an additional 2-3 weeks for manufacturing and are non-returnable

CHAIRMAT SELECTOR GUIDE

The rolling casters of a chair can tear and pull at carpets or create marks in hard floors. Chairmats let your chair roll smoothly, helping to prevent any unnecessary strain or damage. To determine the best chairmat for you, measure usage space and shape, consider traffic in the area, determine carpet thickness or pile weight, and identify any specific needs.

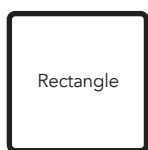

MEASURING CARPET

Open one end of a paper clip and insert into carpet and pad, pushing down to the sub-floor. Mark the height of the portion that entered and measure length.

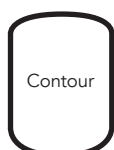

AVAILABLE CHAIRMAT SHAPES

Rectangle with Lip

Rectangle

Contour

MATERIAL OPTIONS

Vinyl chairmats provide affordable, everyday floor protection with clear visibility and smooth rolling comfort. Polycarbonate chairmats add long-lasting clarity and exceptional strength that won't crack, curl, or discolor. Glass chairmats deliver premium style and durability with crystal-clear tempered glass that stays perfectly flat and elevates any workspace.

SPECIAL FEATURES

Studded/Gripper Back: Notched studs grip carpet, but won't pierce or damage carpet backing.

Smooth Edge: Smooth edge for easy-on/easy-off chair movement.

Crystal Clear: Transparent mats let the beauty of your flooring shine through.

Anti-Static: Designed for use with sensitive electronic equipment. Chemically formulated to dissipate static electricity before it has a chance to damage sensitive equipment.

Big & Tall: These chairmats accommodate weight limits from 500-1000 lbs, as marked.

	HARD FLOOR	OCCASIONAL	MODERATE	FREQUENT	HEAVY

Planning is the key to creating a successful filing and storage system. To determine which system will best meet your filing needs, consider the features below:

- What size and format are most of my documents? (Letter, legal, binders, etc.)
- How much physical space (floor / wall / clearance) do I have?
- Do I need mobility, or will the cabinet stay in one place?
- Do I need security or special protection (locks, fire resistance)?
- What material, build quality, and features (drawer sliding, full-extension, labeling, safety) do I want?
- Do I expect my storage needs to grow — do I want flexibility or future expandability?

FILING

Lateral Filing

Best for:
Large volume of files; frequent access

mixed sizes (letter, legal, larger documents) or bulky items

Vertical Filing

Best for:
Smaller volume of files; occasional access

maximize vertical storage with minimal footprint

Mobile Pedestals & Under-Desk Filing

Best for:
Compact, convenient, under-desk storage

Pedestals often include smaller top drawers ideal for office supplies

Additional features to consider:

Ball-Bearing Slide Suspension

Smooth operation for heavy-duty use

High-Sided Drawers

High drawer sides hold hanging file folders without the extra need for hangrails

Casters for Mobility

Mobile pedestals include casters for flexible placement

STORAGE - LATERAL FILES

Fortress Lateral Files

- Heavy-gauge steel for letter/legal/A4-size filing
- Counterweight & interlock system for safety
- Core-removable lock; Limited Lifetime Warranty
